# DIGITAL TABLES

Get your people interacting with each other. Improving collaboration between people has been nsquared's vision for over nine years. We want to help people solve problems and learn from each other by creating dynamic, cooperative spaces.

Collaboration is a powerful agent for productivity. Well-designed modern workplaces have 'anchor points' to encourage planned and unplanned meetings. These are key to encouraging and harnessing creative team thinking and organisational innovation.

*Surface computing is expected to be worth USD$26.2 billion by 2020.**

The DIGITABLE PLUS is the ultimate 'anchor point'. Researched, designed, prototyped, and tested to within an inch of our lives here at nsquared. It is now available to buy for your workplace and get your collective juices flowing. Start having truly productive meetings.

Invest in an nsquared digital table to bring people together and experience:

- *Collaborating*
- *Brainstorming*
- *Presenting*
- *Sharing*

* marketsandmarkets.com - 'Surface Computing Market' by Type and Region - 2015

# CUSTOM DIGITABLE

Every room is different. That is why we offer custom solutions as the easy and stylish way to fit a DIGITABLE into your unique space.

We want to help you create the great experience that you're looking for. Contact us for a custom DIGITABLE solution to suit your requirements no matter the design.

# APPS

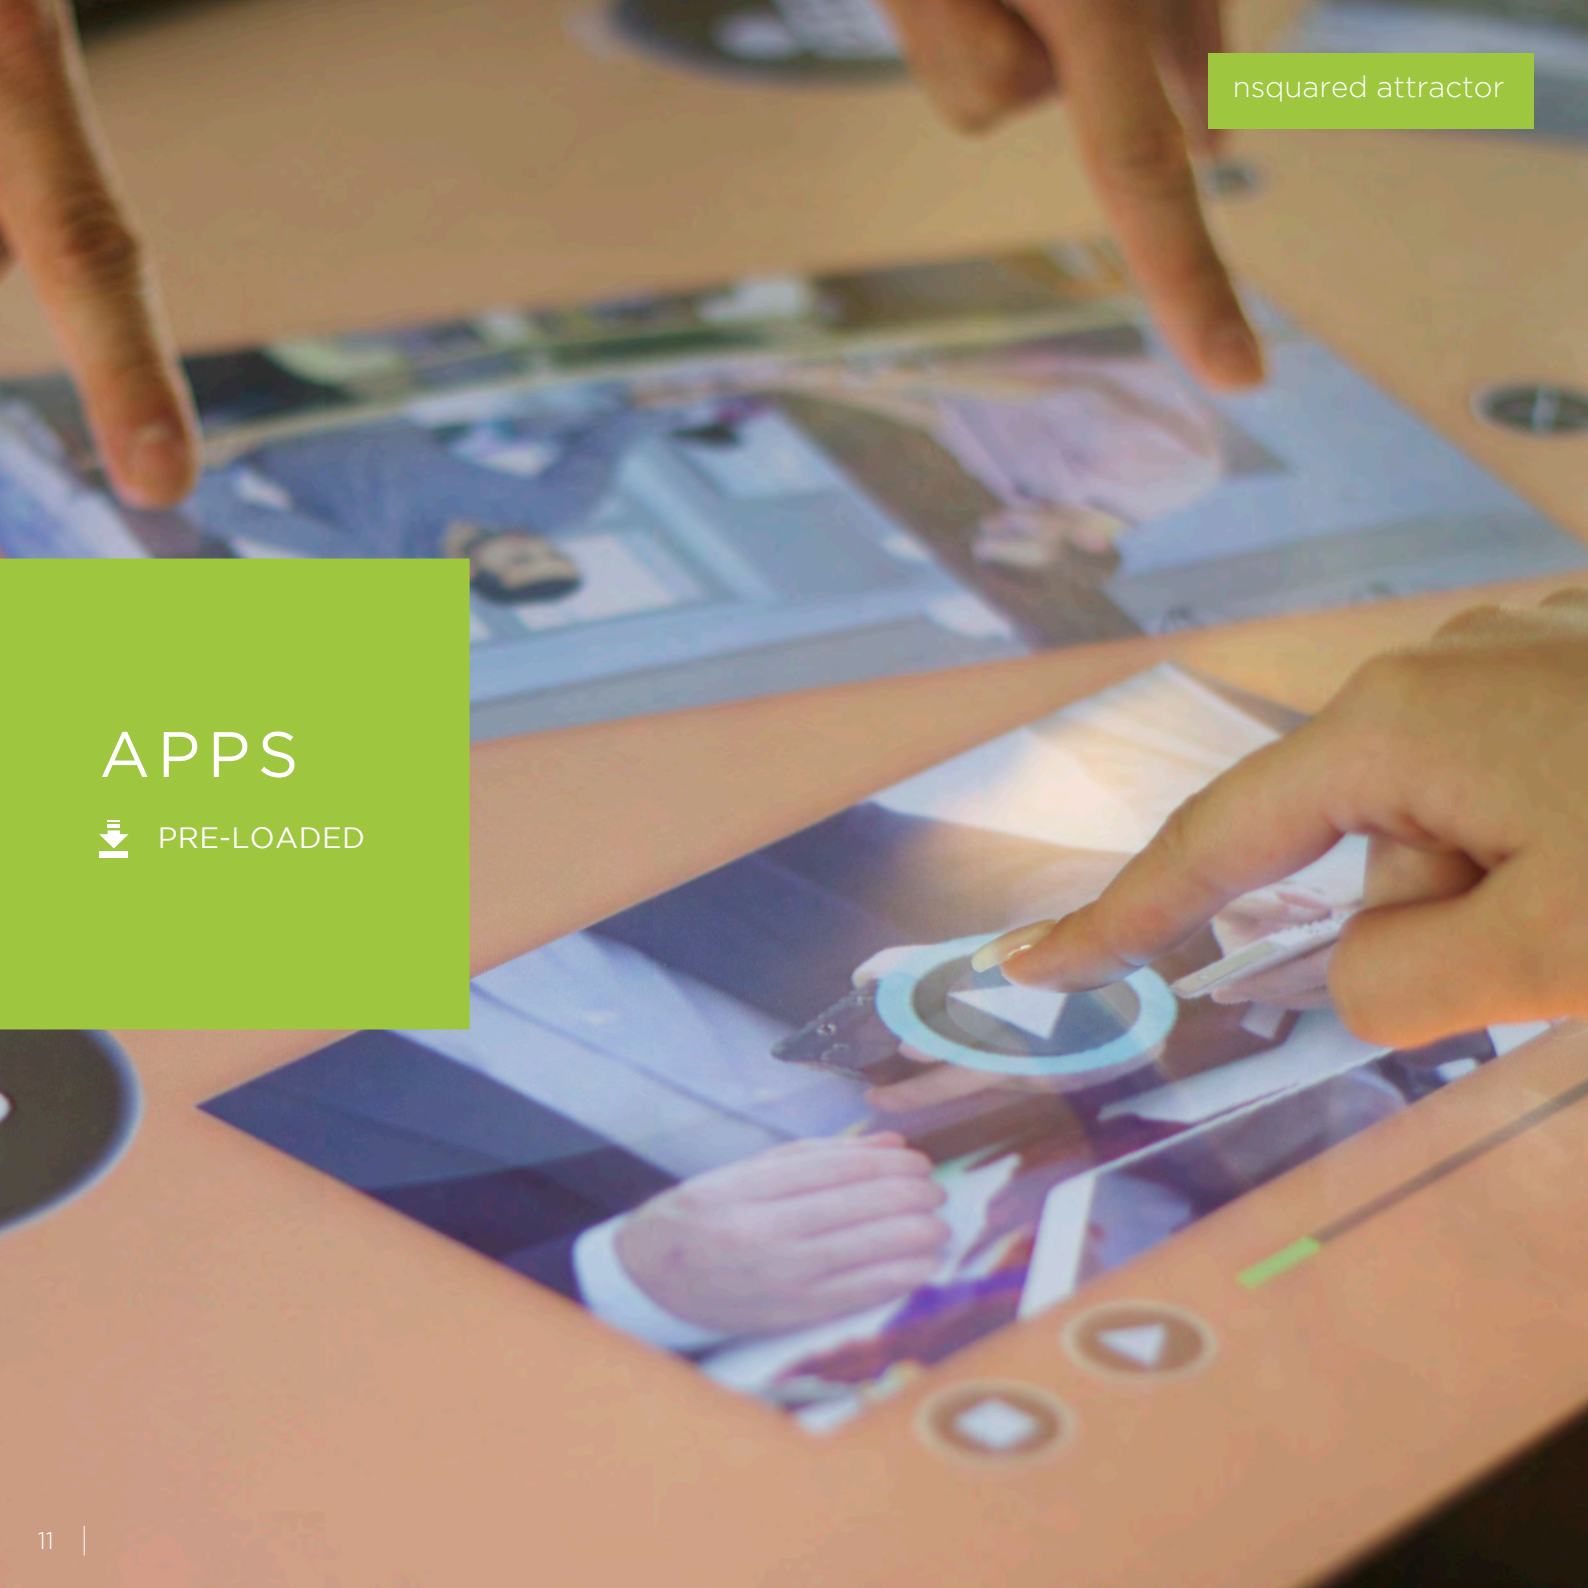
nsquared tabletop is a 360 degree multi user operating environment designed especially for digital table tops. The free floating content items and applications are interactive allowing an intuitive, natural user experience.

## PRE-LOADED

Every nsquared digital table ships with four pre-loaded applications; nsquared attractor, nsquared, sharing, nsquared drawing and nsquared web.

*“The digital table solution is fostering a new form of engaging, visual learning within our community.”*

KAREN GREEN - TOOWOOMBA CITY LIBRARY



# APPS

PRE-LOADED

## nsquared attractor™

*Get a handle on videos and images with your clients.*

nsquared attractor is a multi-user app that enables immersive interaction of images, videos and PDF files. The ideal application for meeting rooms that allows multiple users to browse freely through predefined content. Use nsquared attractor in your meeting to present or display content to a group. An effortless application to use, it draws people together at the table with simple, intuitive technology.

## nsquared web™

*Explore the web together.*

A new social way to search the World Wide Web. Get everyone involved and have multiple browsers open at the same time. Share web pages via email, create a favourites list to save them, or post them directly to social media sites including Facebook, Twitter and Tumblr.

# APPS

PRE-LOADED

## nsquared sharing™

*Easily share files between devices and cloud accounts.*

nsquared sharing allows you to save and load content from local folders, cloud accounts, network drives, and USB drives. Never forget to send an email again. With nsquared sharing, email annotated images, PDFs and meeting notes straight to your colleagues and clients right there on the DIGITABLE.

## nsquared drawing™

*Share a massive canvas without the mess.*

Allow your colleagues to discuss the content on the table while adding and removing annotations using this modern brainstorming tool. Save the content with annotations and never lose the conversation again.

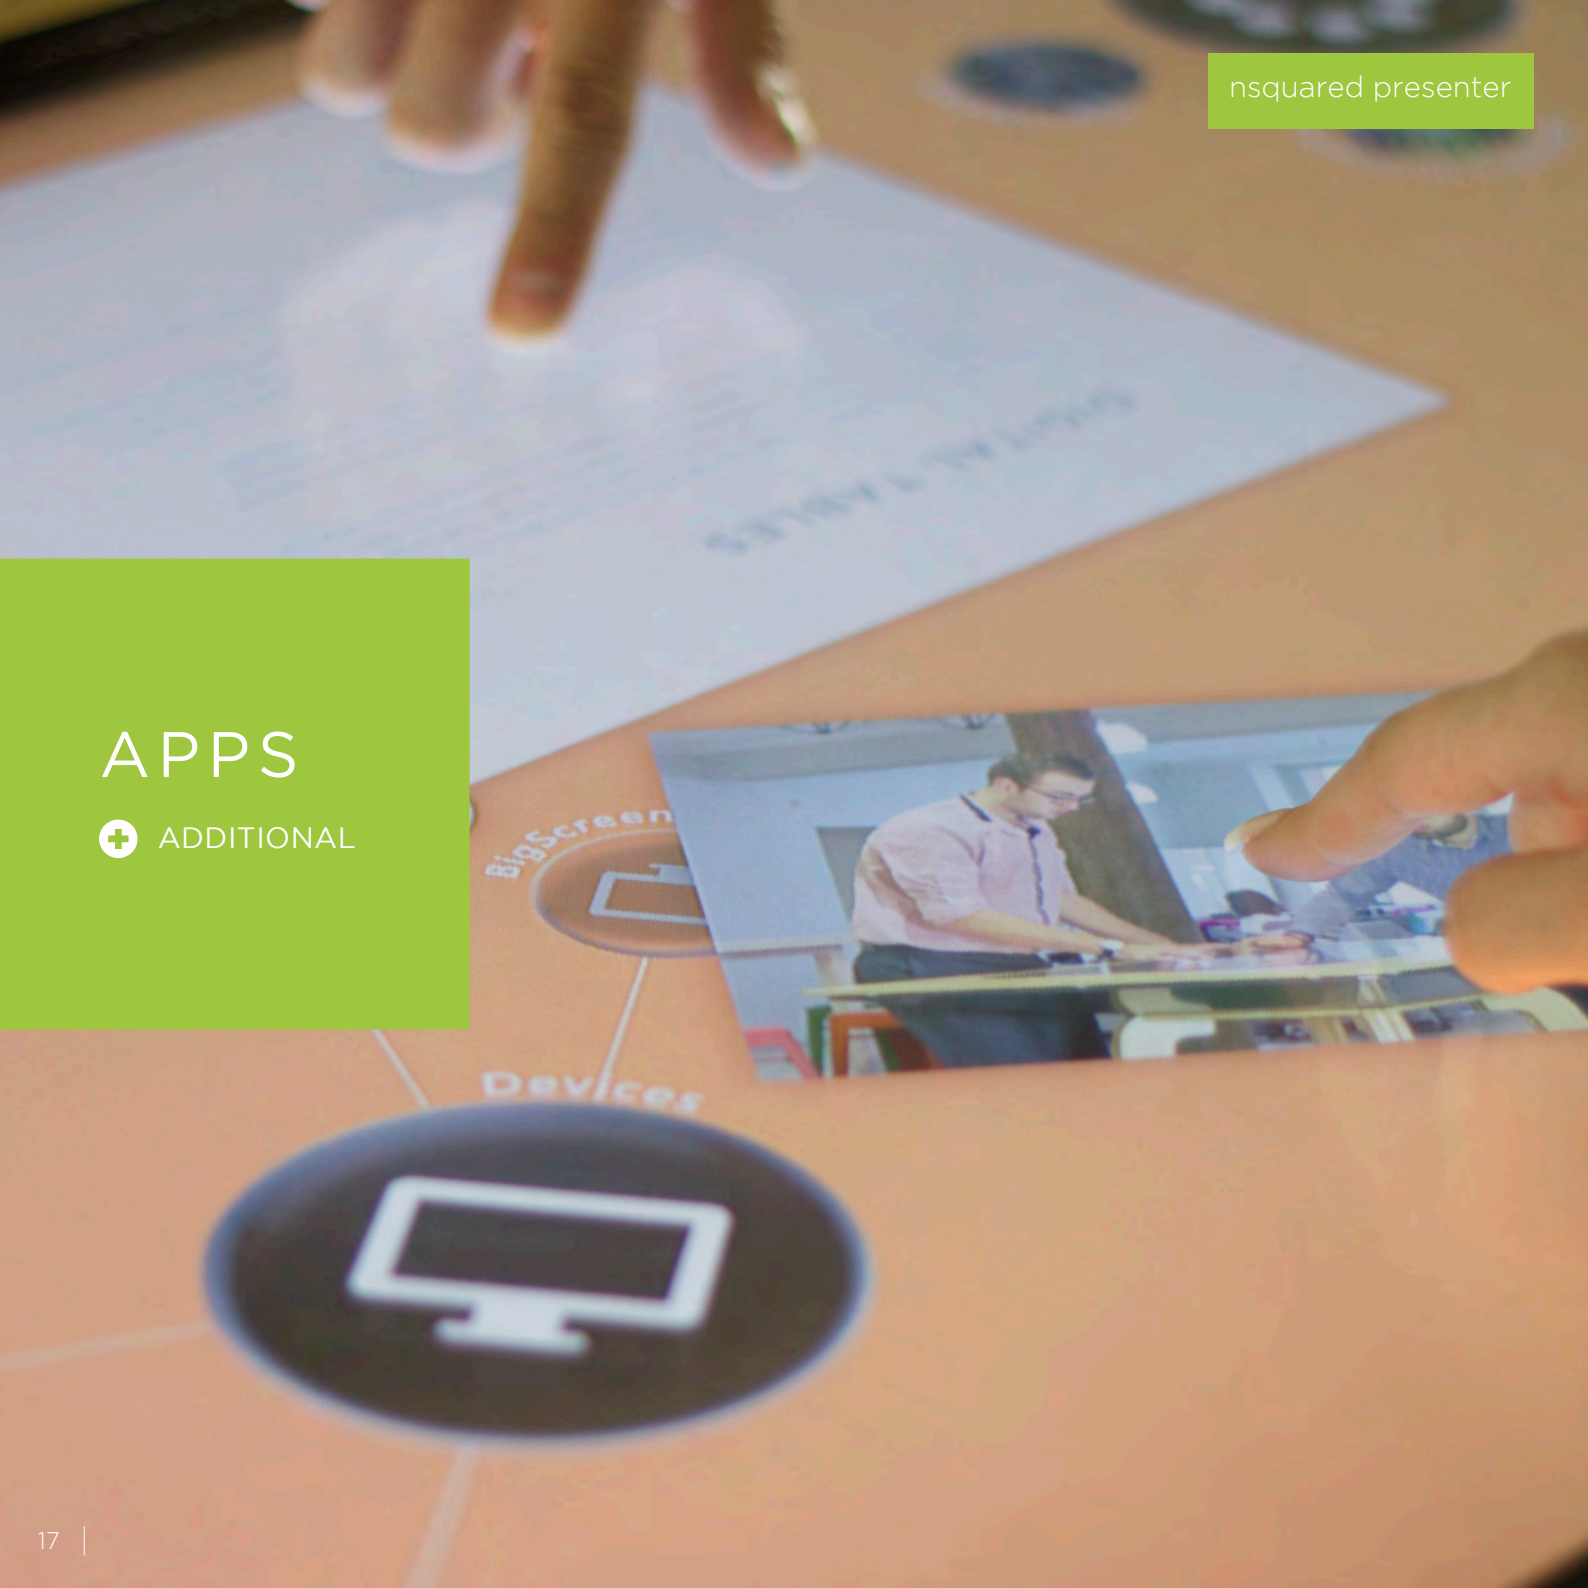
# APPS

## ADDITIONAL

Additional apps can be purchased to extend the capabilities of your digital table.

*“The software really adds a total different dimension to the hardware.”*

VISWESH SATHI, DIRECTOR OF BUSINESS OPERATIONS - HAWORTH



# APPS

## ADDITIONAL

## nsquared presenter™

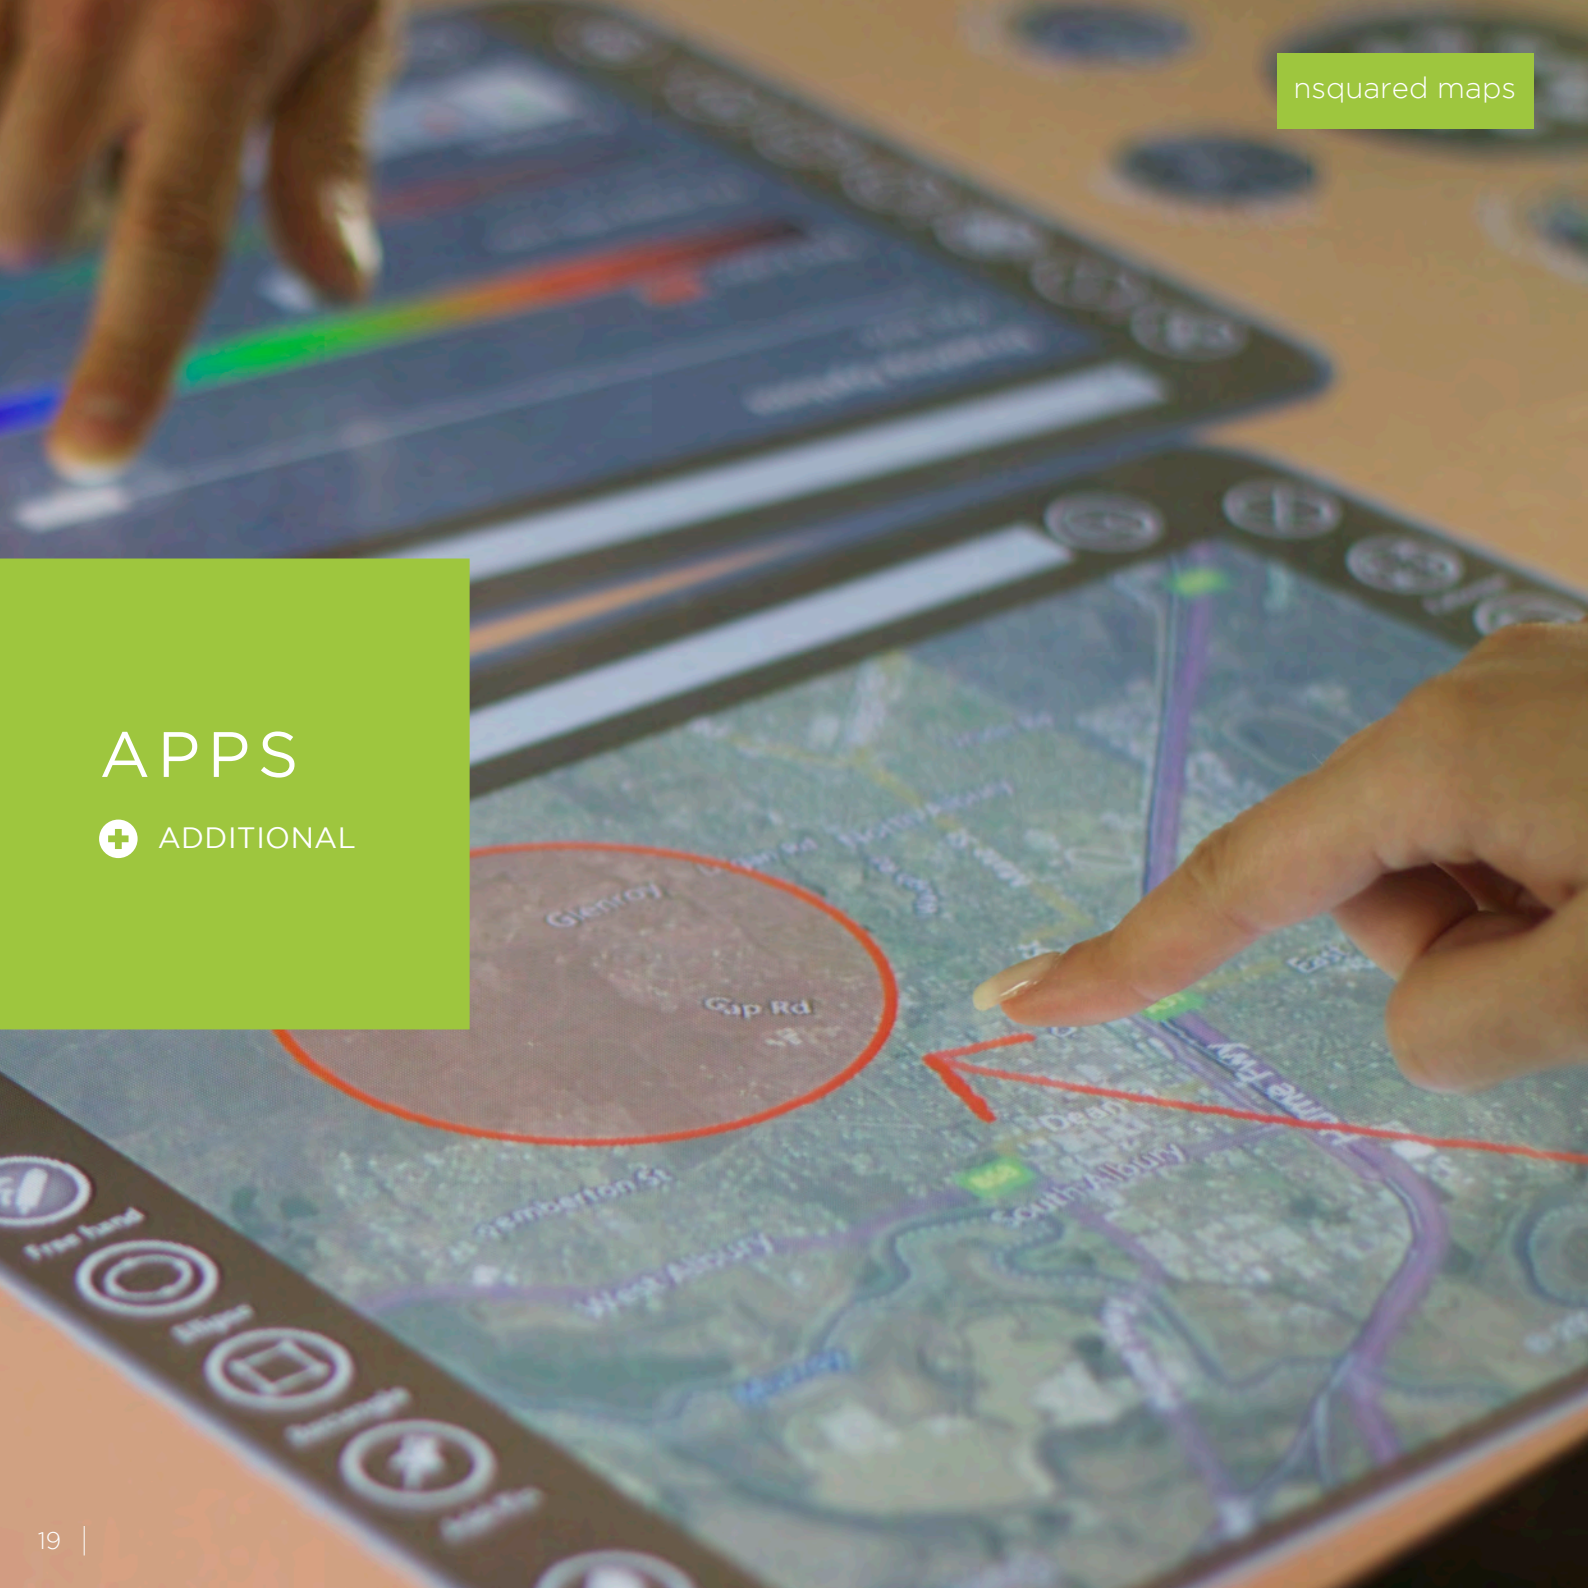
*Connect and present without the cables.*

Seamless, multi-screen presentations to surprise and impress. Bring your digital workplace together with nsquared presenter. Simply drag and drop your images into the nsquared presenter window (as shown on the left), and they will appear on your work space screens like magic. Synchronise your vertical screen, tablet, smart phone, and desktop computer to the table to present your work across all devices.

## nsquared rooms™

*Book rooms faster as a team.*

A new way to manage your physical workspace. Allow people to view floor plans to search and book available meeting rooms from an interactive screen. Bookings are confirmed and an invitation is sent via Microsoft Exchange so you don't need to worry about putting it into your calendar.



# APPS

## ADDITIONAL

## nsquared calendar™

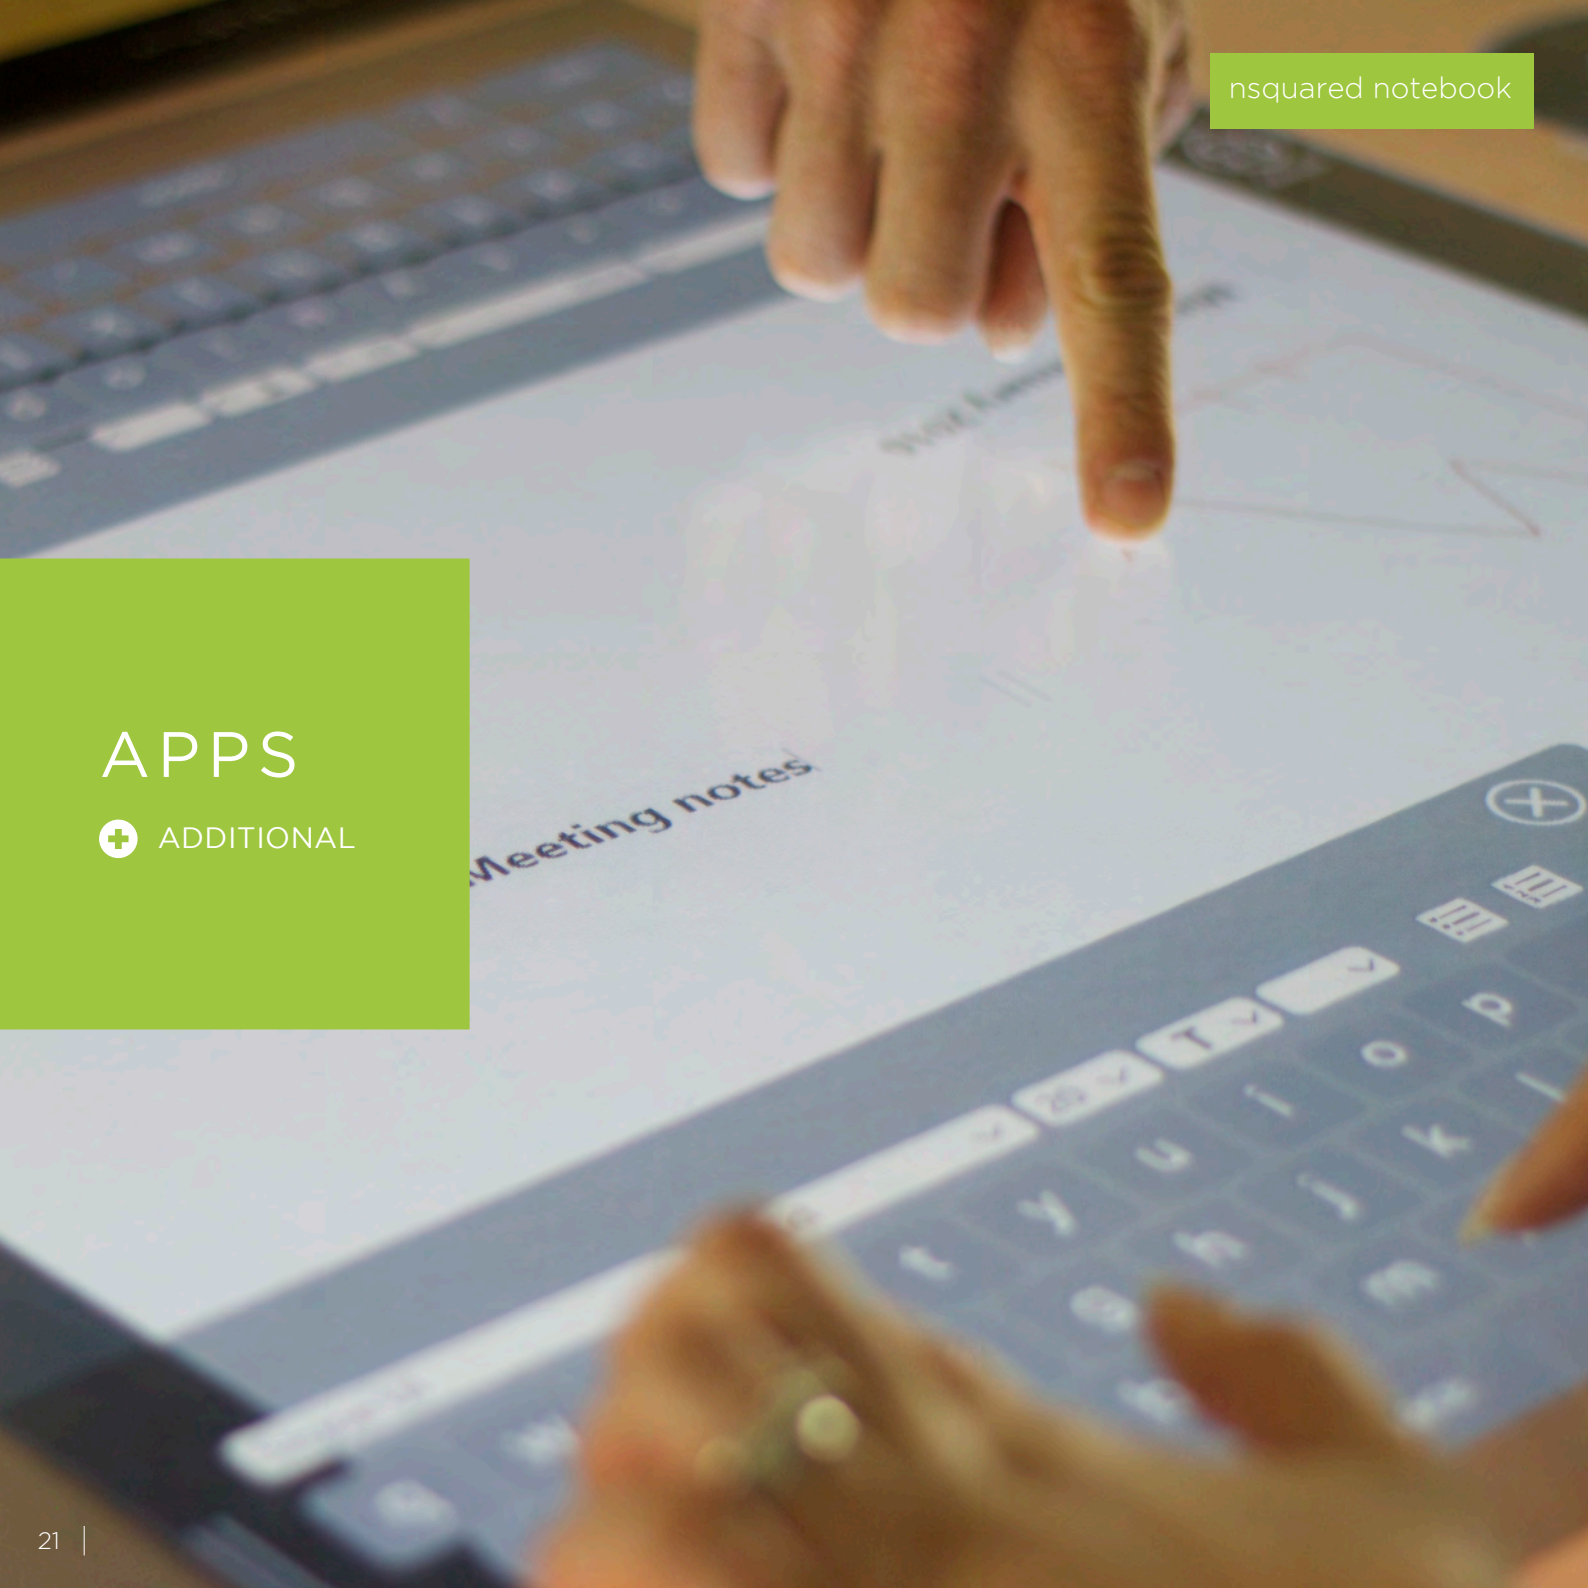
*Everyone's day planner in one.*

Organise your meetings with this digital planner. View multiple calendars in a daily, weekly or monthly format. Create a contact list for referral when adding appointments to your calendar. Sync your calendars with Exchange and use coloured tabs and tools to easily organise your appointments.

## nsquared maps™

*Find your way together.*

Explore and discover the world using this multi-user, multi-touch mapping solution. Search places of interest, add map pins, and generate routes and driving directions, all within the app. All maps can be saved to the table or emailed to your colleagues for later use.



# APPS

## ADDITIONAL

## nsquared concierge™

*Search through attractions nearby.*

Let your guests explore the local area in an easy and engaging way with an interactive map. Provide recommendations for surrounding cafés, restaurants, nightclubs and more, all from the comfort of the foyer lounge or perhaps their own rooms.

## nsquared notebook™

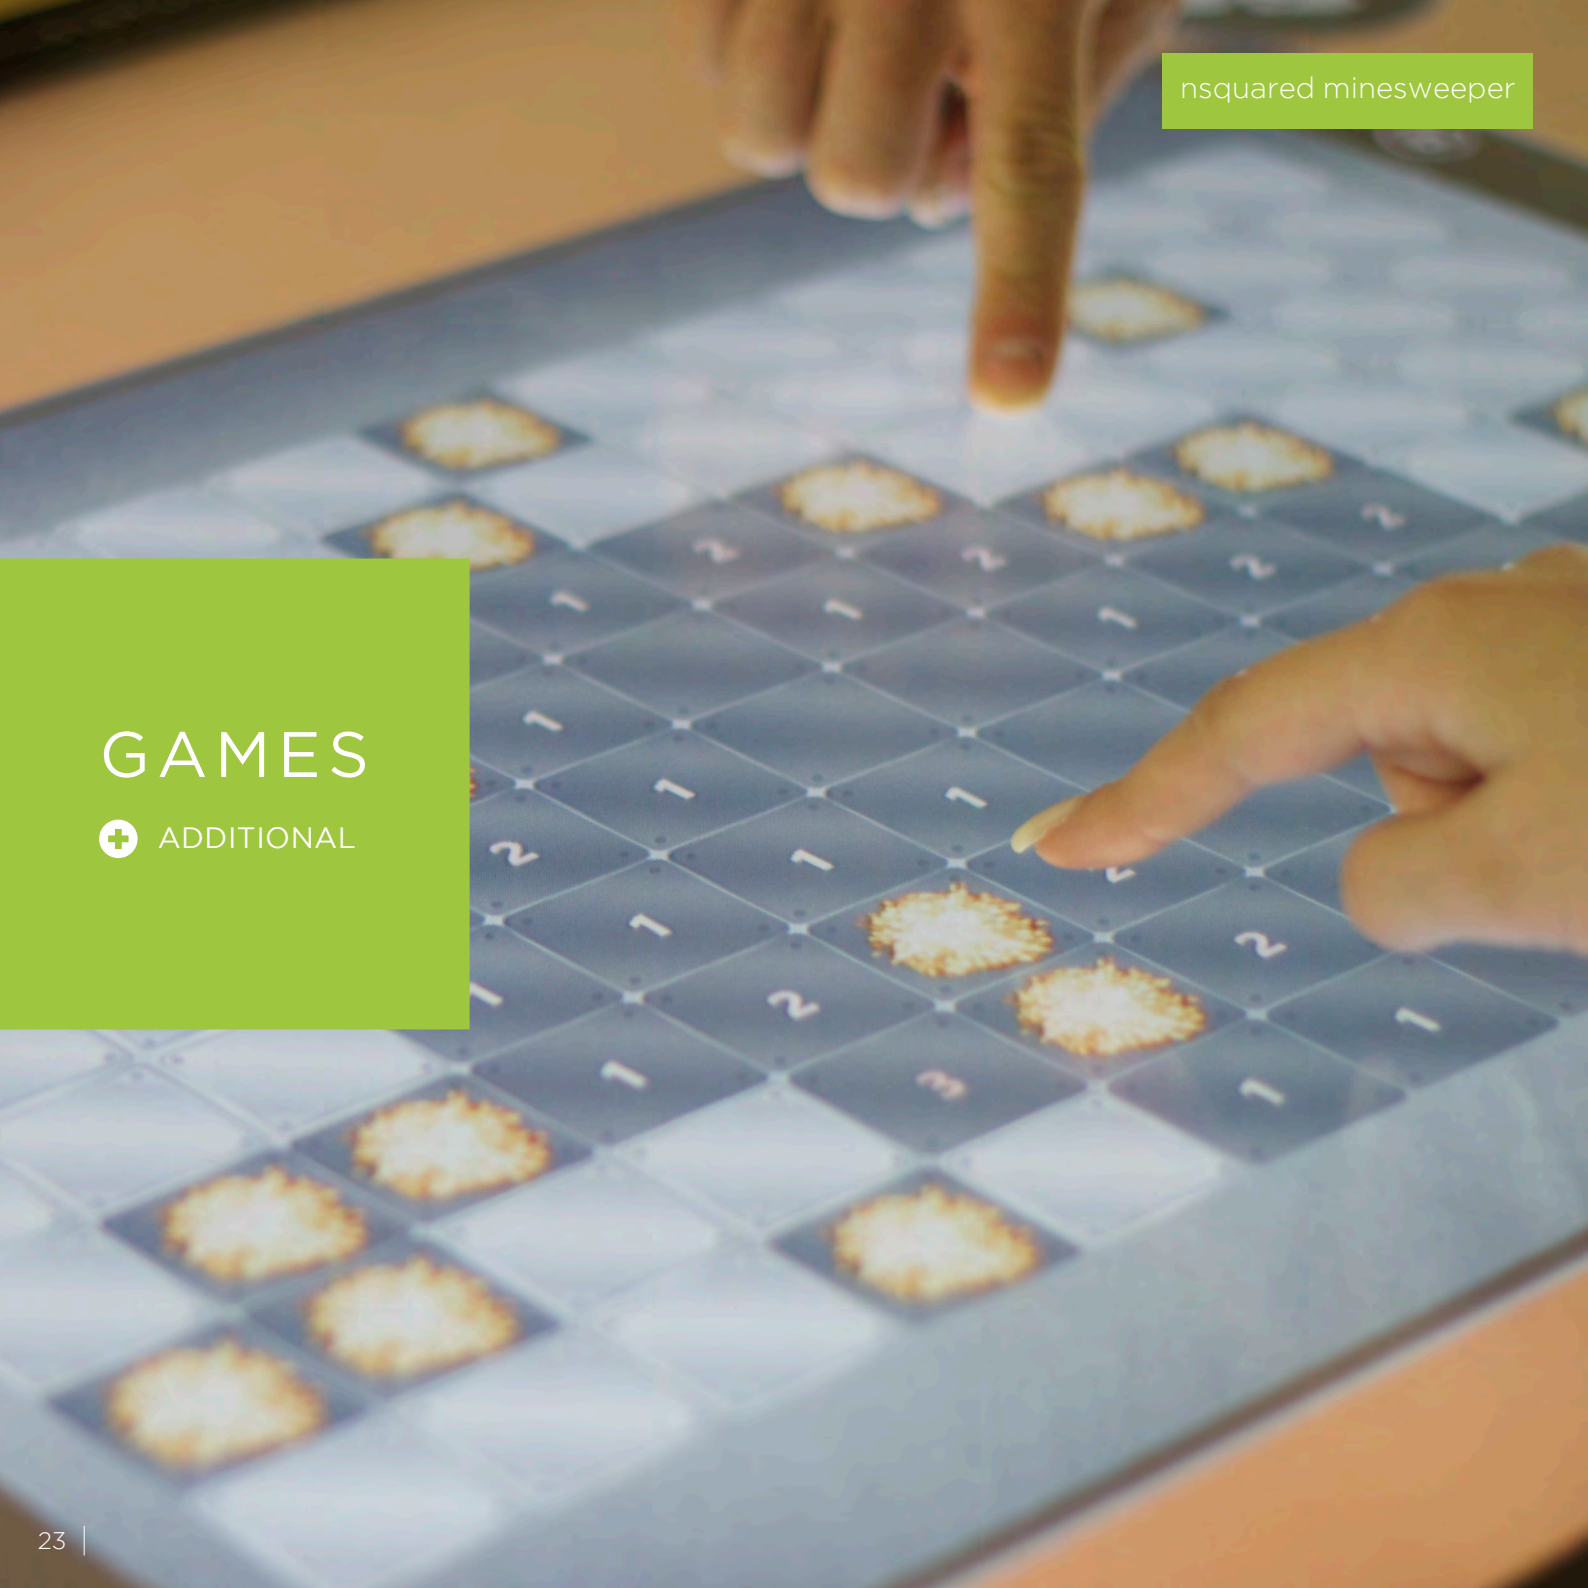
*Make notes together.*

Collaborative, multi-user, multi-orientation note taking. nsquared notebook is ideal for making lists as a team, easily writing minutes together, and brainstorming notes in an open, collaborative space.

## nsquared artifacts™

*Create floor plans and mood boards without paper.*

An intuitive tool to enhance your device's image building capabilities. Ideal for anyone looking to easily visualise ideas, nsquared artifacts gives you the ability to drop any image into another to easily place, move and scale a collection of images. Design your perfect office or living space, or easily put together a mood board. The possibilities are endless.



nsquared minesweeper

# GAMES

## ADDITIONAL

## nsquared thin ice™

*Ice cold competition.*

nsquared thin ice is a fantastic action puzzle game of freezing fun as up to four players scramble across precarious ice sheets to catch the most fish.

## nsquared minesweeper™

*Watch out for the mines.*

The classic minesweeper game has been revamped with a new look. The object of the game is to clear the minefield in the fastest time possible without detonating any mines.

## nsquared tic-tac-toe™

*Be the first to get three in a row.*

This classic paper and pencil game has become digital. Take turns to be the first player to get three Xs or Os in a row; horizontally, vertically or diagonally.

## nsquared jigsaw™

*A jigsaw without the clean up.*

One of the greatest group puzzle games ever, now without the clean up. Upload group photos, choose your piece count, create and play!

# LOCATIONS

Perfect for business meetings, real estate sales, hospitality venues, museums, libraries, schools, and off the plan property sales. The DIGITABLE is ideal for any location.

*“Clients talk about how they can use it and how we can put information on the table and promote our partners.”*

DAVID EARBY, MARKETING & E-COMMERCE EXECUTIVE - NOVOTEL SYDNEY ON DARLING HARBOUR

# LOCATIONS

# LIBRARY

Over the last few decades, the role of the library has been evolving. Digital technology has urged libraries to adapt to this changing landscape of information to maintain their significance and further attract their community.

The DIGITABLE PLUS provides a place of gathering and engagement. The technology provided can be used to encourage learning and collaboration between members of the community.

Local information can easily be made available on the table with nsquared maps. Event information and notices become interactive content that can be shared.

*Try nsquared maps with the DIGITABLE PLUS in your library.*

# LOCATIONS

# REAL ESTATE

Provide a true 21st century experience for your clients when selling properties. The DIGITABLE PLUS creates a space that attracts clients to intuitively engage with the properties in your portfolio.

Displaying floor plans has never been simpler than on the DIGITABLE PLUS. Work with clients to annotate floor plans to make notes about each property. The DIGITABLE PLUS with nsquared presenter enables you to share the content from the table to other presentation screens in the environment.

Notes made on the table can be kept and shared with clients providing personalised action points for the customers.

*Try nsquared presenter with the DIGITABLE PLUS in your real estate office.*

# LOCATIONS

# EXHIBIT SPACE

The DIGITABLE PLUS creates a location that attracts customers to directly engage with your content and become emotionally connected to the sales process.

The software options provided with the DIGITABLE PLUS enable you and your team to prepare presentations to be displayed on the table and shared with clients.

A table is an ideal location for making decisions and plans. Bring your clients to engage with your content and even take away digital copies on their personal devices.

*Try nsquared attractor with the DIGITABLE PLUS in your exhibit space.*

# LOCATIONS

# MEETING ROOM

The DIGITABLE provides an amazing space for brainstorming, creating and problem solving.

All of the content you typically bring into a meeting room can become available on the DIGITABLE.

Office documents, PDFs, images and videos can all be displayed on the table and viewed by everyone around the rich touch interface. The content can be annotated and meeting notes created with applications such as nsquared notebook.

The DIGITABLE encourages participants to put down their personal devices and all engage together on the same digital surface. The table itself becomes the center of attention in the meeting and personal distractions can be put aside for the duration of the meeting.

*Try nsquared notebook with the DIGITABLE in your meeting room.*

# LOCATIONS

# HOSPITALITY

Serve up an engaging experience that will keep your guests talking long after they've checked out. The DIGITABLE PLUS encourages guests and visitors to interact with each other and explore content on the table.

Offer your guests the ability to make food and beverage orders directly from the table, or guide them to optional locations that you suggest. The DIGITABLE PLUS is also a great place to gather around and play multi-user games while having a drink with friends.

*Try nsquared concierge with the DIGITABLE PLUS in your hotel or restaurant.*

# CONTACT *us*
